CPKC 2816 steam locomotive is now returning from Mexico, en route to Winnipeg. For those who did not see my post of the SB trip, this run celebrates the 1-year anniversary of Canadian Pacific's purchase of Kansas City Southern. It is due to travel thru Houston on June 17th, departing from their Kendleton Yard that morning. It will pass thru Rosenberg, Richmond, & Missouri City, on the way to Houston. If it retraces the SB trip, the train will make a left turn on S. Main, just east of the Fiesta Grocery, and head north, passing Willowbend, Bellfort, 610S access roads, S. Braeswood, Bellaire Blvd., Beechnut, Bissonet, US59/69 access roads, Richmond Ave.. Westheimer, & San Felipe, before passing into Memorial Park and then heading east thru downtown Houston.

[Steve](#) Probably passing thru Sugar Land as we speak, heading your way.

**Scott Kelm** [Author](#) • Braeswood Place • 3d

Moving towards Rosenberg. Had to wait on 2 SB freight trains.

Train is being held at Harlem (4 miles west of Sugar Land) awaiting word to the UP dispatcher from his track inspector. Earlier this morning a lowboy trailer scraped the tracks and they must be inspected to ensure they are in alignment.

UP dispatcher just gave the CPKC the go ahead to proceed. High ball!!! This means it is approx 17 miles west of where the tracks make a left turn heading north into Houston. !st crossing will be Willowbend... (edited)
